Mayor Bernero Hails U.S. Supreme Court Ruling on Marriage Equality

(LANSING) – Mayor Virg Bernero today issued the following statement concerning the U.S. Supreme Court’s ruling on marriage equality:

“Today’s ruling is a watershed moment in the history of our nation that finally and irrevocably grants the right to marry to all Americans, regardless of their sexual orientation. It is a sweet victory indeed for justice and equal protection under the law for all citizens. Even as we celebrate today’s momentous decision, we must continue to be vigilant and determined in our efforts to secure the full rights of citizenship for every member of our society. We still have work to do, but today’s ruling puts the wind behind our backs as we walk together to secure the blessings of liberty for all.”
